WASHINGTON, DC -- Eisenhower Memorial Commission chairman Rocco Siciliano today commented on the resignation of Senator Jerry Moran from the commission:

“As one of our first commissioners, Senator Moran has served on the commission with tireless dedication since 2001. As a Kansan, he provided knowledge and perspective regarding President Eisenhower’s home state that was extremely helpful as we worked to capture the essence of Eisenhower’s roots and legacy. His fellow commissioners and I appreciate his lengthy service, and we will miss him as we forge ahead with this important project.”
